### THE CONSERVATIVES OBSTRUCT LEGISLATION.

(Special to the Bulletin).  
Ottawa, Ontario, July 24th.—The re-distribution bill was brought down today. There has been no Grand Trunk Pacific announcement yet. Negotiations are still in progress.  
The binder twine bounty was debated all day. The opposition agreed to the bounty, but obstructed the resolution.

Winnipeg, July 24th.  
**PAYS PENALTY WITH HIS LIFE.**  
The Indian, Louis, was hanged at Kamloops.

**GERMANY HAS ENOUGH.**  
Germany is now eager to have the tariff question settled.

**MAROONS KNOW THE GAME.**  
The Maroons defeated Fargo, winning their fifth consecutive game.

**HONORS FOR VICTORIA ROWING CLUB.**  
The Victoria rowing club won three events at North Pacific regatta.

**WALL STREET IN AN UPROAR.**  
There was almost a panic in Wall Street yesterday. Prices broke with violence.

**A CANADIAN HORSEMAN IN TROUBLE.**

C. X. Proctor, the Canadian horseman, was fined and suspended at the Detroit races.

**TO INVESTIGATE CANADA'S RESOURCES.**  
A party of British journalists, who will tour the Northwest, have reached Quebec.

**ENGLISHMAN ATTEMPTS SUICIDE.**  
H. Gordon, of Craven, near Regina, Northwest Territories, a young Englishman, attempted suicide yesterday.

**CHESTNUT WINS FREE-FOR-ALL.**  
Chestnut, from Brown's Portage, a Prairie stable, won the free-for-all at Winnipeg fair.

**GRAIN QUOTATIONS.**  
Fort William wheat, No. 1 hard, spot, 83 3/4 cents a bushel.  
Winnipeg oats, No. 2 white, 30 1/2 cents a bushel.

**WEATHER PROBS.**  
Heavy thunderstorms have been general in Manitoba. Rain has fallen over Northern Alberta and in Saskatchewan and the Qu'Appelle Valley. The weather this morning is fair and comparatively cool in all localities. The outlook is promising for fine weather everywhere, with moderate temperatures.

### LOOKS LIKE MURDER

The old saying that "murder will out" has once more proved true. Some time ago an account appeared in these columns of the mysterious disappearance of an Englishman by the name of J. R. Bell. He was living on the Red Deer river near Tail Creek, about forty miles east of Lacombe. His sudden disappearance was noted, and investigation revealed the fact that several of his belongings had been stolen. This aroused suspicion and the Northwest Mounted Police took up the clue. The theft was traced to a man named Ernest Cachel. Cachel was convicted and sentenced to two years' imprisonment. It further transpired that Cachel had obtained a large sum of money from Bell. Meanwhile the search went on for Bell. The probability of murder was thought of and it was determined to search the river. This attempt revealed nothing. However the Mounted Police have kept actively engaged on the search until the first of the week, when word was brought to Lacombe that the body of a man was found in the Red Deer River at the mouth of Tail Creek. Corporal Sharpe, of Lacombe, investigated the body and acquaintances identified the body as that of J. R. Bell. There were evidences of foul play on the body and there seems to be no doubt but that another murder has gradually leaked out. Cachel will likely be tried on a charge of murder, although as far as is now known, nothing but circumstantial evidence can be brought forward.

Engineer Ashbridge has received satisfaction from C. C. Chipman, of Toronto, to start the survey for Strathcona's waterworks system immediately.

## LOCAL

—Train left Red Deer on time.

—Inns' population is four hundred.

—The postponed council meeting will be held Monday night.

—King Edward is meeting with a very enthusiastic reception in Ireland.

—For the next few weeks Rev. W. W. Peck, of Edmonton, will supply Knox church, Calgary.

—The regular Epworth League meeting in the Methodist church Monday evening will be of a social nature.

—Rev. A. M. McDonald, pastor of the Edmonton Baptist church returned on Thursday night from an extended visit to Banff and the coast.

—D. C. McEwen, for several years member of the teaching staff of the Strathcona public school, has resigned to take charge of Leduc school.

—The party of British journalists who will tour Canada, arrived in Quebec on Thursday. They will visit all the important points in both Eastern and Western Canada.

—French-Canadian members of the Dominion parliament have urged upon the Minister of the Interior the necessity of more attention being paid to immigration work in France.

—The anniversary requiem, which was held in St. Joachim's church last Tuesday, the 21st, under the auspices of the St. Jean Baptiste Society, was not only in honor of R. Rieux, but also for the late Bishop Grandin and Mr. Menager.

—Captain Jonasson, Liberal candidate in the constituency of Gimli, Manitoba, has retired and the Conservative candidate will be elected by acclamation. The present standing of the parties is Conservatives 31, Liberals 7, one tied vote, and one election yet to be held.

—A gang of men are at work draining the Canadian Northern station grounds. They have commenced the drain 120 feet from the grounds and are rapidly running it forward. The work of grading the grounds and the laying out of yards and sidings will be proceeded with at once.

—A little girl, named Dora Berube, was riding her horse back, and while riding horseback, the horse ran away and to those who were near it looked every moment as if she would be thrown to the ground and severely injured. However she pluckily jumped on until the horse ran into Gariey's stable, when she slid to the ground. She was badly frightened but not hurt.

—The committee having in charge the enlarging of the present Edmonton Methodist church met last evening. It was decided to move the church back sixty feet, so that when necessary a new church may be built in front, and then the present church will be used as a schoolroom. It was decided to put a good foundation under the church and to add wings to both the east and west sides and thus almost double the seating capacity of the church. The small rooms to the rear of the church will be moved back and a choir gallery built to the rear of the pulpit. Additional minor improvements will also be made.

### DEATH OF W. S. EDMISTON

The news of the death of W. S. Edmiston yesterday came as a surprise to his numerous friends in Edmonton, although he had been ailing for some time. Two weeks ago yesterday he met with an accident by which he broke his leg and his condition rapidly became worse until yesterday afternoon, when he died from heart failure. The funeral will take place tomorrow afternoon at 2:30 o'clock.  
Mr. Edmiston came from Glasgow, Scotland, and settled at Clover Bay in the Edmonton district in 1882. About 1895 he moved into Edmonton and he has lived here continuously since. He was a highly respected citizen of the town and will be greatly missed both in social and business circles. He served two terms, 1898 and 1899, as mayor of Edmonton and has always taken a prominent part in all matters pertaining to the welfare of the town. He was a respected and enthusiastic member of the Old Timers' Association. He also belonged to the Masonic lodge, the Sons of Scotland and the Knights of Pythias. These lodges will assist in the funeral services tomorrow afternoon at 2:30 o'clock.

### PRINTERS DEFEATED

An excellent game of baseball was played on the old race track last evening between teams representing McDougall and Secord's store and the Edmonton newspaper offices, resulting in a win for the former by a score of 14 to 7. The game was interesting throughout and both teams put up a good exhibition of baseball when it is remembered that neither have done any practicing. The following were the teams:  
McDougall's Catcher, Marshall; First Base, Magill; Second Base, McKinnon; Third Base, Kelly; Shortstop, Cashman; Morden; Center Field, Reynolds; Brick; Right Field, Twilley; McDougall's Left Field, Agnew; McDougall's Right Field, Howey; Cashman acted as umpire. The return match will likely be played next Friday evening.

## AMMONIA REFRIGERATOR PLANT

The new ammonia freezing and refrigerator plant in Vogel's meat packing establishment, is now in active operation. The Linde ice machine, made by the Fred W. Wolf Company, of Chicago, U.S.A., is used and the method is the direct expansion of ammonia. The ammonia passes through the engine as a gas and is led through a pipe to a room above the machine room. Here the pipe is placed in a coil of twenty sixteen foot pipes placed closely together, and over which ice-cold water is constantly running. This condenses the ammonia gas. Pipes then lead out to the different rooms, around the walls of which are arranged several coils of pipes. There is a continuous flow of ammonia kept in constant circulation through the pipes and by its direct expansion the air is kept at a very low temperature. Goods stored in these rooms may be kept at a certain set temperature, say freezing point, or if need be, they may be frozen solid. The system has now been in operation for three weeks, and the result has been most satisfactory. The meat packing establishment is now running in full swing and a very large supply of beef and pork is constantly kept in the cooling rooms. The net on the cutting and manufacturing floor are kept constantly employed in the manufacture of the company's smaller goods. Business is rapidly increasing and there is every prospect that this establishment will soon have to be enlarged.

## PERSONAL

Mayor Short returned to Edmonton Thursday evening.

N. D. Beck returned to Edmonton from Calgary last night.

Miss Addie Blaney, who has been spending her holidays in Edmonton, returned to Lacombe on Thursday.

Miss Phillips, of Kingston on Thames, England, arrived by Monday's train on an extended visit to her sister, Mrs. Wade, and is staying at the residence of C. H. Stuart Wade.

## MARRIAGES

McCARDIE—RUDDY.—At the Methodist parsonage, Strathcona, on Monday, July 20th, 1903, by the Rev. C. W. Finch, B.A., H.D., Mr. Samuel McCaardie to Miss Sarah Jane Ruddy, all of Strathcona.

## DEATHS

EDMISTON.—At the Cliff, Edmonton, on Friday, July 24th, William Somerville Edmiston, son of the late William Thomson Edmiston, of Glasgow, Scotland.

The funeral will be held at 2:30 on Sunday afternoon. Friends will please accept this intimation.

## NEW ADVERTISEMENTS

To Whom It May Concern:  
J. R. Brenton, the old waterman, has purchased my water route. Thanking patrons for past favors and soliciting a continuance with Mr. Brenton.  
N. STECKLE.

## CROPS IN EDMONTON DISTRICT

The Edmonton district is enjoying a period of unbroken prosperity. From every settlement come reports of excellent agricultural progress. There is a larger acreage under crop than ever before and the condition of the grain was far in advance of what is usual at this time of the year. The farmers are very hopeful of enjoying the largest yield in the history of the district.

In connection with the Brackman-Kerr exhibit at the recent Edmonton exhibition, a Farmers' Register was kept. From information gathered in this register, the relative percentages of land under the different grains has been arrived at as well as the yield per acre last year shows oats, 48 1-3 bushels to the acre; wheat, 25 bushels to the acre, an barley, 30 bushels to the acre. Last year the percentage of the different grains under crop have been computed to be, oats, 62.83 per cent; wheat, 23.55 per cent, and barley, 13.61 per cent. In contrast to this the percentage of different grains under crop for this year is, oats, 60.08 per cent; wheat, 22.36 per cent, and barley 17.55 per cent. Thus, on the average, where last year's barley was 13 per cent of a farmer's crop, this year it is 17 per cent; wheat last year, 23 per cent of his crop, this year 22 per cent; oats last year 62 per cent, this year 60 per cent. The percentage of increase under crop for this year over last year in oats is 15.65 per cent, in wheat, 15.85 per cent; and in barley, 54.20 per cent. These figures show that there is over fifteen per cent more land under crop this year than last.

## Increase of Canada's Trade

Ottawa, July 22.—The aggregate foreign trade of Canada for the year ending June 30 last was \$167,637,049, an increase of \$43,750,000 over the trade of 1902. On the basis of goods entered for consumption and Canadian produce exports there was an increase in the trade of the past year of \$49,377,411 compared with the previous year. During the last year Canada's trade has been more than doubled. In other words Canada's trade amounted to about \$1,500,000 per working day last year, whereas in 1896 it was about \$750,000 per working day. The exports of domestic produce for the year totalled \$214,401,674. This is an increase of \$18,381,911 over the previous year and nearly doubled the domestic exports for the year of 1896, when they amounted to \$109,915,387.

The exports of animals and their products increased in the year by \$18,000,000 equal to the increase during the 18 years of the national policy. In the last seven years these exports increased by 130 per cent. The Canadian forest wealth increased during the year by \$4,064,000. In 1896 the exports of manufactured articles amounted to \$9,365,000, and last year they were \$20,624,000.

There was an increase of over \$10,000,000 of free goods imported during the past year over the previous year and of \$5,000,000 over 1896. The exports last year of Canadian produce \$37 per head and in the United States only \$16 per head. Canada's total trade last year was \$21 per head and that of the United States \$31 per head. In 1896 the United States with a population of 63,000,000, had a total foreign trade of \$22,000,000 whereas Canada today, with a population of less than 6,000,000, has a total foreign trade of about \$470,000,000. The imports for June show an increase of over 9,000,000 and the exports of about \$3,000,000.

## STRATHOONA

Plaindealer, July 24th.

Deitz and Richards have been awarded the contract for N. D. Mills' new block at the corner of Whyte avenue and Main Street.

Harold Ritchie left this morning for Belleville, Ontario, where he will take a commercial college course. Harold will be missed from the football and lacrosse teams for the balance of the present season.

A meeting of Strathcona curlers, hockeyists and all citizens interested in the erection of a covered hockey,

skating and curling rink, is called for next Monday evening at eight o'clock in the council chamber.

Theo Fulton is arranging for the erection of a brick block on Whyte Avenue, between the new Imperial Bank block and the Commercial hotel. He purposes having the excavations made and foundation laid this season and the superstructure built next spring.

Mr. Loftus Boyle got home this week from Banff accompanied by his sister, Miss Clara Boyle. He has been considerably improved in health by the mineral waters, but is still suffering considerably from rheumatism.

Pollard Bros. have just added a press brick machine to their already extensive brick-making plant in Strathcona. They expect in a short time to be able to supply the increasing demand for ornamental and plain press brick.

Rev. Dr. McDonald and family arrived this week from Dundee Centre, Quebec, to take up their residence in Strathcona. Dr. McDonald is a Presbyterian minister who has retired from active service and has come West to spend the evening of life.

Wm. V. Gaffield, of Edmonton, was brought before J. G. Tipton, J.P., yesterday on a charge of larceny of a trunk and a railway baggage check laid by Clarence Edwards, a horse trainer, lately arrived from Ontario. The trunk is claimed to contain about \$500 worth of valuables. The hearing was adjourned until Monday next.

## Mail Routes and Service.

Mail services to and from the Edmonton post office, both by rail from the south and by stage to the outlying country points are as follows:

With Strathcona, mail is exchanged twice daily.

Train arrives in Edmonton every night at 6 o'clock and leaves every morning at 7.45 o'clock, except Sundays.

The mail from Fort Saskatchewan, Lamoureux, Horse Hills arrives Monday and Friday afternoons at 5 o'clock and departs Tuesday and Saturday at 8 a. m.

Mail from Namsa, Daugh, Ben Accord and New Lamont arrives at 12 o'clock Tuesday and departs at 1.30 p. m. the same day.

Mail from Story Plain, Spruce Grove arrives Tuesday and Fridays at 5 p. m. and departs Wednesday and Saturday at 8 a. m.

Mail from St. Albert arrives at 7 and departs at 7.30 a. m. Tuesday and Saturday.

From St. Albert the mail is made up for the following outlying points, Egg Lake, Legal, Morinville, Ray, Riviere Qui Barre and Villeneuve.

From Fort Saskatchewan mail is made up for the following offices every week: Beaver Hills, Bruderheim, Star, Wostok, Whitford, Paken, Ross Creek, Tofield, Northern, Logan, Beaver Lake.

Clothing & Furnishings

### LACOMBE

H. Marfield, one of our citizens, visited Red Deer on the 16th after returning indulged in some of the intoxicating drinks. He was taken home at a late hour and about three hours afterwards was found dead in his bed. The affair is very much discussed. An inquest was held on the 18th, the day of his death, by Dr. Sharpe, coroner, and evidence was given of a very interesting nature. A postmortem examination was held by Dr. Sharpe and Simpson and the stomach was sent to Winnipeg to be analysed. The inquest of the 18th was postponed until the report arrives from the government analyst. In the meantime the N.W.M.P. are investigating and it is expected more evidence will be forthcoming. He leaves a wife and seven children who were completely prostrated by the shock.

W. Puffer has just returned from an extensive driving trip through the scattered ranches in the Saskatchewan district. He was engaged buying up cattle for Burns and Company and has been very successful along this line.

H. Trimble has taken a trip to the coast for his vacation.

J. Mahaffy has gone on a tour through the Vermilion country, looking after some land which he purchased some time ago.

J. D. Skinner has purchased the Davidson property on Alberta street. Mrs. Barker arrived this week from Saskatoon to join her husband here, the pastor of the Methodist church. Mr. and Mrs. Argue are visiting their daughter, Mrs. Jamieson.

Mrs. McKenty and Miss Halliday left for the coast this week.

Mr. McKenty, sr., who has been here visiting his son, has returned home. The new Catholic church will soon be ready for use.

James Davidson is erecting a new home on Alberta street.

The machinists for the creamery has arrived at last, but it is so late in the season that not very much will be done this year.

The body of the man drowned in the Red Deer River several months ago, has been found. The supposition is that the play was the cause of his death. The police and coroner left today to hold an inquest on the remains.

W. Burris sr. is building a new residence on Barnett avenue.

F. and D. Foreman, of Willow Creek, visited Lacombe this week. They reported everything flourishing about Lacombe, although the new settlement is about seventy miles from both Lacombe and

Wetaskiwin they seem to have great faith for the future.  
July 22nd.

### SOUTHERN ALBERTA MINES

Blainmore Times, July 8.  
The mining property upon which is situated the town of Blainmore and which is known as the Blainmore coal mine or the Fishburn-Procter property, was acquired by the present owners, R. E. Fishburn, T. G. Procter and V. Hyde Baker, nearly three years ago. At that time they had practically their choice of the coal fields and selected the Blainmore coal property as being the most accessible, cheapest to work and as containing the best quality of coal both for steam and cooking purposes.

That they are satisfied with their bargain and believe that they have the best property in this field is evident from the fact that they still hold the property although many tempting offers have been made for its purchase. The coal measures on the property running parallel to each other are all lying within a radius of 2,000 feet. The strike of the seams is north and south with a dip to the west and they vary in width from eight to twenty-five feet. The quality of the coal produced by these seams is of the very best for both coke and steam purposes. The No. 1 seam producing a coal that is pronounced by all as being of the best quality yet discovered in Canada, it being within one per cent of being anthracite. The amount of land embraced within this property is over 6,000 acres and is eight miles in length on the coal measures, four miles of which lies on each side of the railroad, at which point is situated the town of Blainmore, and this company's headquarters.

Considerable prospecting has been done upon the coal measures in different parts of the property, but the principle development work has been at a point just north of town. Here, besides a large amount of surface work, a crosscut tunnel has been driven at a considerable depth, and four of the veins cut, on which drifting has been done. The principal work, however, is being done upon the No. 1 vein, under the personal supervision of Mine Superintendent C. Morris, who has the mine in such excellent shape that it could easily produce over three hundred tons of coal per day, if the necessary facilities were at hand for loading and hauling. As it is about two miles per day are being hauled by teams to the railroad and placed upon the cars for the C.P.R., who would gladly take more if it could be delivered, as their engineers pronounce it the

very best locomotive coal procurable in the entire west.

### RIVIERE QUI BARRE

Crops in the Riviere qui Barre district never looked better. There has been considerable breaking done this season. Everybody is busy summer fallowing at present. Our road over the river is greatly improving the roads. Look out for Camilla picnic on August 5th.  
July 23rd, 1903.

## THE EDMONTON FAIR

In the course of an extensive report of the Edmonton Industrial Exhibition the Northwest Farmer says:

A visit to the Edmonton fair is always refreshing. In spite of the most unfavorable weather conditions the exhibition held from the 30th June to the 2nd July must have been more than successful from a financial standpoint. The splendid loyalty towards the fair manifested by the people of Edmonton and district is a lesson that might well be taken to heart by residents of other towns whose annual exhibitions are struggling hard for existence. It is safe to state that in no other portion of the west would the same percentage of people have turned out and braved the elements as they did at Edmonton last week. It is evident that with a fair of Edmonton's proportions and steadily increasing importance, more attention should be paid to organization, particularly in the live stock department. The agricultural department of the show would have been a credit to any exhibition in Canada, and the directors owe a debt of gratitude to Donald Ross for his excellent display of roots and vegetables. The live stock department, though weak in point of entries, was very creditable from the standpoint of quality. The judges, Geo. Gray, of Newcastle, Ont., and Duncan Anderson, of Rugby, Ont., performed their duties with the greatest satisfaction to exhibitors and onlookers alike. Mr. Gray judged horses and was assisted during Wednesday afternoon by Mr. Anderson, who had charge of the judging of cattle, sheep and swine.

## Winnipeg Markets

Commercial, July 18th.

Wheat. — Manitoba wheat has been quiet all the week, as the season's business is practically over, and very little old wheat left to work on. There has been a small urgent demand for hard for July delivery, but outside of that the demand has been very slight and exporters are not very active. Some business has been done in No. 1 hard for September delivery, which takes us into the new crop, but generally there is very little disposition to anticipate with the new season's business. We quote prices as follows: 1 hard, 33-34c; 2 Nor., 32-33c; 3 Nor., 31-32c, and No. 4 wheat, 30-31c spot, or July delivery, in store. For September delivery basis, 1 hard has buyers at 32c.

Oats.—There is a good supply of feed oats, quite enough for all requirements of this market. Millers are not so well supplied. Dealers who have orders for eastern shipment are cleaning up for the season. The market is easier east. Local buyers pay 32c per bushel for carlots of No. 1 white, on track here, and 31c for 2 white. Feed grade, 29c to 30c. At Fort William No. 1 white oats are worth 31-34 cents per bushel; No. 2 white, 30-31c. Barley.—Shippers are quoting 38-40c for No. 3, and 37-38c for feed barley on the street here, and about 1c more on the track.

## Alaska Boundary Tribunal

London, July 20.—The report from Ottawa, published in the Times this morning to the effect that Mr. A. B. Aylesworth, K.C., Toronto, may be appointed to the supreme court of Canada and succeed the late Justice Armour as one of Canada's representatives on the Alaskan boundary tribunal, was a welcome surprise to Anglo-Canadians, who regard the choice as an excellent one.

Mr. Aylesworth's recent arguments before the judicial committee of the privy council, showed him to be a strong man, and Canada needs two strong commissioners, for rumor says that the British cabinet does not consider the Alaskan boundary question important enough over which to quarrel with the United States.

The current rumor here is that the lord chief justice is going to decide against the Dominion when the time comes for the tribunal to give its award. This plan of action would, of course, be dictated solely by diplomatic relations. Friendship between Great Britain and the United States is too important in the eyes of British diplomats to be imperilled even for the sake of Canada.

Ottawa July 20.—A cable has been received from Mr. A. B. Aylesworth, K.C., Toronto, who is now in London, England, stating that he will accept the position of commissioner on the Alaskan Boundary case, which became vacant through the death of Justice Armour. The Dominion government will at once recommend to the imperial authorities the appointment of Mr. Aylesworth and this will no doubt be done.

## FAIR DATES

The dates on which a number of exhibitions will be held is published herewith:
